

Compliance Standards Manual

Order Form for Updates

In 1997, The Florida Hospital Association (FHA) developed a Compliance Standards Manual which has the standards for billing and claims submissions for Medicare, Medicaid, and TRICARE/CHAMPUS; financial arrangements with physicians and other referral sources, tax-exempt status and tax-exempt bonds, home health services and hospice services, HIPAA Privacy and HIPAA Security. The standards are in easy-to-read language, including penalties for non-compliance and reference to statutes or prime sources. The manual is updated regularly and new sections are added as appropriate.
