In Pursuit of Partnership: Engaging Patients and Families in Hospital Quality and Safety

TOPIC SPOTLIGHT: CHA PFAC Toolkit

During our February 14th webinar, we talked about how to select, orient and engage Patient Family Advisors (PFAs) to support meaningful partnership. We also shared some of our favorite “go to” tools, including this one from the Colorado Hospital Association (CHA). Their Patient Family Advisory Councils (PFAC) Toolkit includes general guidance, a sample timeline, resources and much much more. Access the Toolkit here.

ACTION REQUESTED: PFE DISCOVERY TOOL

We’ve extended the deadline to encourage more participation! Please complete the PFE Discovery Tool by 2/28. It can be accessed here.

UPCOMING EVENTS

March

3/6 Virtual Event 3: Training and Supporting Providers for Successful Patient and Family Engagement

3/12 Patient Safety Awareness Week Virtual Event: Promoting Safety through Patient Engagement at the Bedside

3/27 Virtual Event 4: Sustaining Meaningful Partnerships

NEED HELP?

We are replacing Office Hours with 1:1 coaching opportunities. If you would like to schedule a coaching call, please contact Tara at tara@partnershiphealthadvisors.com.
